

**Our vision is "Zero
Accidents and War on
Waste"**

*Within the framework of our motto
'One accident is one too many' in
order to prevent accidents and
occupational health before they
happen, we commit to undertake
and continuously update the risk
assessments of all our activities.*

*Eliminate waste at its source to
reduce our environment impact.*

**Prevention of
Pollution,
Reduction of Risks
and Protection of
Environment**

*We commit ourselves to the
continuous improvement of our
Safety Health and Environment
System performance,
To protect environment by using
natural resources efficiently and
to constantly identify and reduce
risks which are results of our
activities using the principles of
continuous improvement.*

**Full Nestle and
Legal
Compliance**

*We commit ourselves to
achieve full compliance
with relevant
Turkish Legal and
Nestle requirements,
whichever is more
stringent.*

**Training, Employee /
Employee
Representatives
Participation,
Consultation and
Fulfillment of
Responsibility**

*We commit ourselves to provide useful
information, training and supervision to
all employees, contractors, visitors and
suppliers.*

*To ensure all managers and employees
understand their responsibilities,
commitment to consultation and
participation of workers / workers'
representatives.*
